Regulatory requirement for a public.

### \* Financial Statements:-

These reports help assess a company's compliance with regulations like the Dodd-Frank Act and HIPAA.

### \* Corporate Governance:-

This is a key element for regulatory compliance, and helps companies achieve their strategic goals.

### \* Payment Card Industry Data Security Standard (PCI DSS)

This standard is mandatory for organizations that accept cards, and requires them to demonstrate a secure IT network.

### \* Accountability:-

This is a legal requirement in the public sector, and accounts are used to determine if there were any unacceptable actions.

### \* MSME Registration

This registration can provide benefits in terms of taxation credit facilities, loans and lower interest rates on loans.

### Q) Public Issue of debt securities.

The Securities and Exchange Board of India (SEBI) has introduced new rules requiring retail investors applying for public issues of debt securities through intermediaries to use UPI for fund blocking on amounts up to ₹ 5 lakhs. In its latest statement, SEBI has also mandated that investors will provide their UPI ID linked to their bank account in the bid-ask-application form submitted to intermediaries.
